WORK EXPERIENCE

FULL-STACK WEB DEVELOPER

GoTeam / Cebu City | 2022 - Present

Developed key features for an **Applicant Tracking System** and an **AI-powered Recruitment platform**, adhering to the **SCRUM** model for agile development. Leveraged technologies including **Laravel**, **Inertia**, **Vue.js**, **Tailwind CSS**, **TypeScript**, and **MySQL**. Gained hands-on experience integrating **GPT models** to build AI functionalities, managing version control with Git, containerizing applications with **Docker**, and implementing unit tests using **PHP Unit**. Streamlined deployment through **Bitbucket** CI/CD pipeline and effectively tracked project progress and documentation using **Confluence** and **Jira**.

PART-TIME WEB DEVELOPER

Actelecom Inc., Manila, Philippines | 2023 - 2024

Debugged errors and developed features for a **Healthcare System** tailored to managing hospice clinics across the United States. The work primarily involved **PHP**, **jQuery**, and **Bootstrap**, along with handling server configuration tasks.

WEB DEVELOPER

Assumption College of Davao / Davao City | 2018 - 2022

Developed an **Academic Employees' Performance Evaluation System** to provide managers with objective and measurable insights into teachers' and other academic personnel's work performance. The system was built using **Laravel**, **Bootstrap**, and **jQuery**, with Apache in-house server configuration for deployment.

OTHER NOTABLE JOB

COLLEGE INSTRUCTOR

Assumption College of Davao / Davao City | 2013 - 2022

Taught information technology courses specializing in Web development.

EDUCATION

MASTER IN INFORMATION TECHNOLOGY

University of Southeastern of the Philippines | Graduated in 2021

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

Assumption College of Davao | 2009 - 2013
